Christchurch 8240

Dear Aaron,

On behalf of the Board and membership of the Canterbury Horticultural Society, I wish to express our thanks to Award Plastics for your significant contribution to the success of our Display Garden at this year's "Ellerslie" Flower Show in Christchurch.

The commitment of yourself and others like you who donated so much has seen the Society achieve the pleasing result of a SILVER DISTINCTION AWARD.

Ellerslie International Flower Show was described by the judges as the best in 10 years with more than 45,000 people enjoying the Southern Hemisphere's largest five day flower show. Your involvement with the Canterbury Horticultural Society garden ensured the Society had a presence at this premier event, supporting our ongoing public profile and developing our CHS community.

With best wishes

Ross Beaumont
President,
Canterbury Horticultural Society
