Re: Award Plastics

To Whom It May Concern

Award Plastics Ltd has been a supplier to Urban Paving for 2 1/2 years of vacuum formed paver moulds.

Award Plastics firstly make up the forming tool then manufacture a run of the units. I have found their staff experienced and helpful especially when developing new designs. The paver moulds are always of a high standard and delivered on time even when short lead times are often required.

If any further discussion is required please contact myself in the first instance.

Yours sincerely

Dan Batchelor
